

What is TRANSITION about?

1. It's about raising awareness

Of the need to tackle both Peak Oil and Climate Change

2. It's about getting everyone involved

We all have a role to play and something to contribute - no one person or group has all the answers

3. It's about making connections

Discovering and sharing people's skills and experiences

4. It's about being creative

Unleashing the collective genius present within our communities

5. It's about making a difference

Making lots of little changes and a few really big ones!

6. It's about thinking and acting locally

Meeting more of our everyday needs within our local area

7. It's about combining old and new

Reviving traditional skills and learning new ones

8. It's about reducing our energy requirements

Energy efficiency / conservation and behaviour change

9. It's about reducing our waste & emissions

Reducing, reusing, recycling and making effective use of sustainable / clean energy technologies

10. It's about environmental stewardship

Conserving natural resources and working in harmony with nature
